Background to SNAPs

This meeting is organised by the South Norfolk Alliance which includes Norfolk County Council, South Norfolk Council, parish councils, Norfolk Constabulary and a variety of voluntary sector partners and community groups serving the area.

Ground Rules

1. So that we can cover all the concerns in the limited time available we have an agenda that the Chairman will stick to.
2. Soon after 8 pm there will be a break for the panel to select up to three issues which will be given priority between now and the next meeting. You will get feedback on what has been done to tackle these problems at the start of the next meeting.
3. Even if the issues you raise are not chosen as a priority, they will not be ignored and some work will be done on them before the next meeting or, if not, you will be told why.
4. Please address your comments to the Chairman and give your name and where you come from (this information will not be recorded in the actions). Please speak one at a time.
5. Please do not name other individuals or identify particular families when you are raising your concerns at the meeting. However, if you have evidence about the perpetrator of a crime, please report that discreetly to one of the Police Community Support Officers during the break.
