

# **High Tides**

**(Dates & Times)**

**2011**

# 2011

The dates and times displayed are for Great Yarmouth when the predicted levels are such that if the weather conditions are bad, i.e. Strong North Westerly winds or heavy rainfall, flooding may occur.

January		February		March		April		May		June	
Date	Time	Date	Time	Date	Time	Date	Time	Date	Time	Date	Time
6	22:14	5	22:23	19	20:33	17	20:10				
7	22:42			20	21:24	18	21:04				
8	23:15	18	20:56	21	22:14	19	21:58				
20	21:16	19	21:45	22	23:03	20	22:51				
21	22:02	20	22:33	23	23:53						
22	22:48	21	23:19								
23	23:35			27	BST +1						
25	00:23	23	00:06								
26	01:12	24	00:56								
27	02:08										

The timings of high tide along the river usually differs from Great Yarmouth as follows:

Haddiscoe and Reedham Ferry +1Hr. 05min  
 Gillingham and Surlingham +2Hrs. 50min  
 Loddon +2Hrs. 30min  
 Trowse +4Hrs

*These tables use the 24hour clock. Times are GMT and 1 hour needs to be added for British Summer Time between 27 March and 29 October.*

*The Tide Times have been computed by the Proudman Oceanographic Laboratory.
