Dear Sir/Madam,

Parish Boundary Review - Submission from Denton Parish Council

Denton Parish Council requests a change to the eastern parish boundary with Earsham parish for the following reasons:

- **Community identity**
Five outlying Earsham properties identify with Denton as their community and have done so for many years, not least because of proximity, as they almost all lie 2-3 miles from Earsham village, but less than a mile from Denton.
- **People from at least two of these properties have been and still are serving members of Denton parish council and most of the people affected are heavily involved in our community life, volunteering on various committees for drama, cider club, community lunch, Friday night food, bar committee, garden club and the PCC and support the proposed change.**
- **Present boundaries cut two of the properties in half - at Boundary Farm (part of High Green Farm) and at Denton Lodge. It also puts Dentonwash Farm within Earsham parish boundary.**

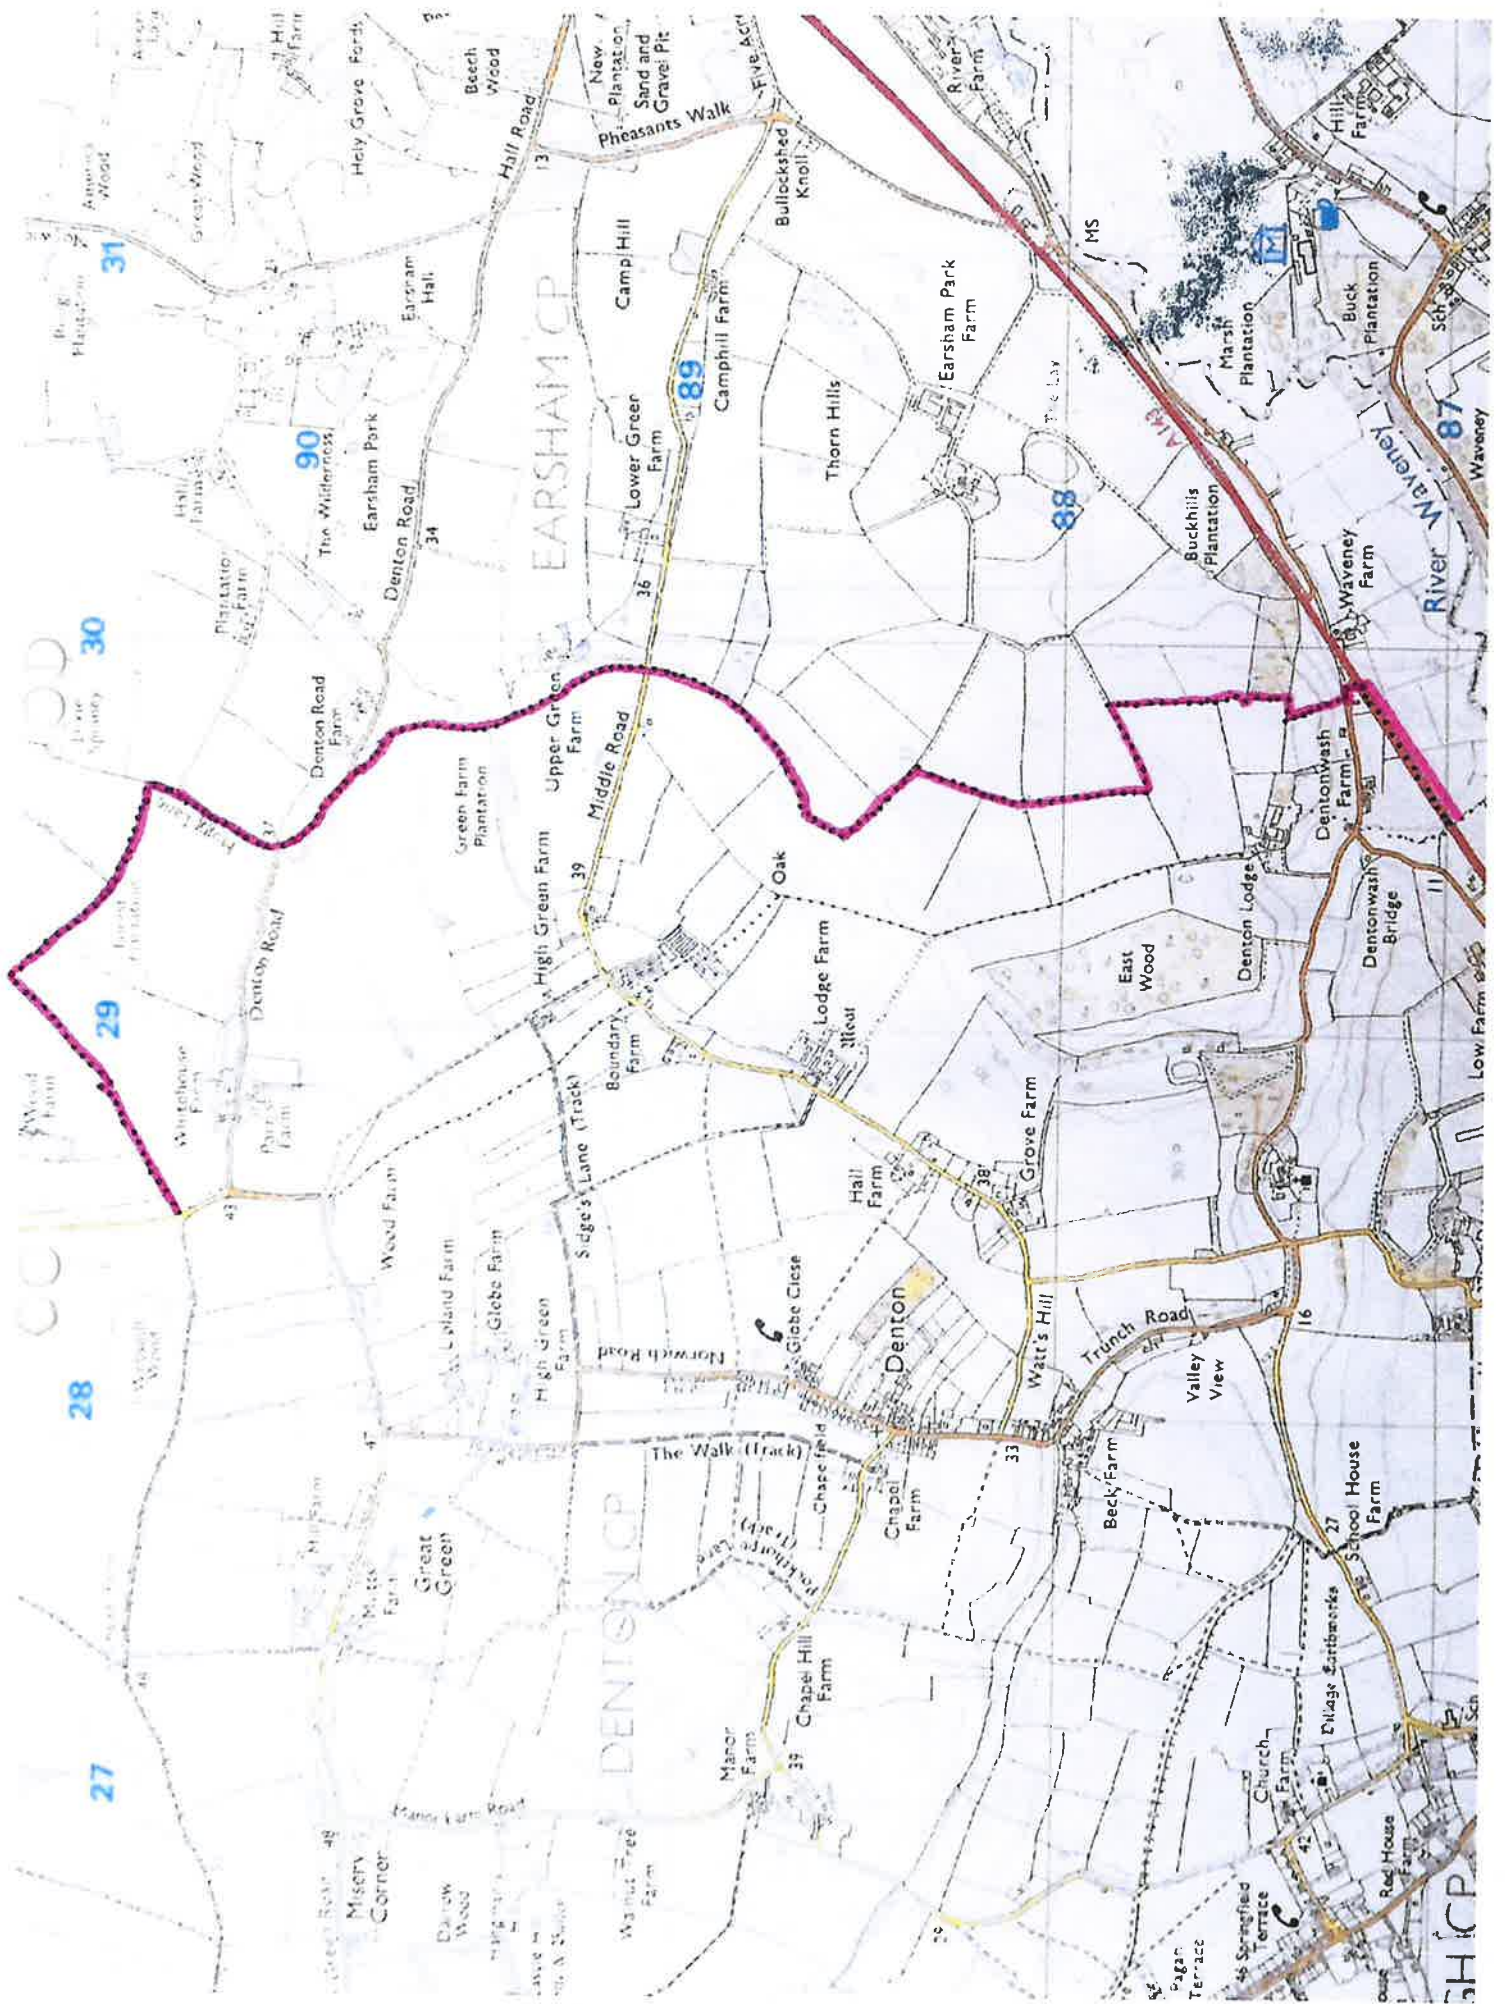

The route we are suggesting follows defined physical features, from the concrete roads to the north, to the Beck, which is a natural division in the land through the middle, down to the junction with the A143 in the south.

I attach a map marked up with our suggestion for the new parish boundary (highlighted black dotted line) as detailed above.

Please contact me if you require any further clarification or information.

Yours faithfully,

Mrs Kay Wiltshire
Chair Denton Parish Council

EARSHAM CP

DENTON CP
