South Norfolk Community Governance Review

Dear Resident

South Norfolk District Council (SNDC) is currently seeking your opinion and thoughts on Wymondham Town Council (WTC) under what is called a "Governance Review".

SNDC mentioned the review in their Link magazine but WTC decided not to contact residents directly on this matter, so we are bringing it to your attention.

This review could have a big impact on how things are done in the village. If 50% of residents vote for change then we move to the next step and South Norfolk must start a formal review process.

Time is running out to have your say. We have only until the 12th July.

This letter is simply to determine whether there is enough support to go ahead with this petition. Follow the link or fill in below.

http://www.smartsurvey.co.uk/s/communitygovernancereview1/

The Proposal

I agree that the sub parishes of Spooner Row, Wattlefield and Soton should have their own (Parish) Community Council (DT1)

Yes [ ] No [ ]

Comments (optional)

There is too much control of WTC by South Norfolk District Council. This is not in the interests of local people, we need a new village parish council where our interests are given priority and best served.

Comments (SNDC require a comment, please add below)

Despite paying the same council tax & CIL as Wymondham we remain the most overlooked council when it comes to amenities. In this age of revolution these parishes would be better served by a local council who understand our needs & would deliver better value.

Signed [ ]
Dear Resident

South Norfolk District Council (SNDC) is currently seeking your opinion and thoughts on Wymondham Town Council (WTC) under what is called a "Governance Review".

SNDC mentioned the review in their Link magazine but WTC decided not to contact you directly on this matter, so we are bringing it to your attention.

This review could have a big impact on how things are done in the village. If 50% of residents vote for change then we move to the next step and South Norfolk must start a formal review process.

Time is running out to have your say. We have only until the 12th July.

This letter is simply to determine whether there is enough support to go ahead with this petition. Follow the link or fill in below.

Dear Madam

Re: South Norfolk Community Governance Review

Please find enclosed completed forms from the residents of Spooner Row, Soton and Wattlefield in response to the above governance review. While it is understood that the Council would have preferred these forms to have been completed online, it is extremely difficult for many residents to do this due to the very poor, almost non-existent broadband facilities in these three villages. Several residents, having expressed their wish to post their responses online experienced difficulties and subsequently requested paper forms in order to make their opinions known.

You will see that the majority of the completed forms have ticked ‘yes' but some have not completed the ‘comments' box. Residents feel very strongly about this matter but many did not wish to appear confrontational by writing in derogatory comments.

The responses have been wide and varied however there is a clear theme towards the residents of the three villages wishing to now form their own community council.

We await your reply,

Yours faithfully

I don't think our village is represented properly and a Local Parish would be able to give us a fairer representation about plans that directly affect us

Signed ____________________________
South Norfolk Community Governance Review

Dear Resident

South Norfolk District Council (SNDC) is currently seeking your opinion and thoughts on Wymondham Town Council (WTC) under what is called a “Governance Review”.

SNDC mentioned the review in their Link magazine but WTC decided not to contact you directly on this matter, so we are bringing it to your attention.

This review could have a big impact on how things are done in the village. If 50% of residents vote for change then we move to the next step and South Norfolk must start a formal review process.

Time is running out to have your say. We have only until the 12th July.

This letter is simply to determine whether there is enough support to go ahead with this petition. Follow the link or fill in below.

A more localised parish council will more effectively represent village interests on issues such as planning or local services. More effective representation will lead to improved community governance issues. I believe that Wymondham Town Council cannot effectively represent issues important to Wymondham.

Signed
South Norfolk Community Governance Review

Dear Resident

South Norfolk District Council (SNDC) is currently seeking your opinion and thoughts on Wymondham Town Council (WTC) under what is called a "Governance Review".

SNDC mentioned the review in their Link magazine but WTC decided not to contact you directly on this matter, so we are bringing it to your attention.

This review could have a big impact on how things are done in the village. If 50% of residents vote for change then we move to the next step and South Norfolk must start a formal review process.

Time is running out to have your say. We have only until the 12th July.

This letter is simply to determine whether there is enough support to go ahead with this petition. Follow the link or fill in below.

http://www.smartsurvey.co.uk/s/communitygovernancereview1/

The Proposal

I agree that the sub parishes of Spooner Row, Wattlefield and Soton should have their own (Parish) Community Council (DT1)

Yes [ ] No [ ]

Name ______________________________

Address ______________________________

Comments (optional )

WE PAY TOO MUCH MONEY FOR THINGS WE ARE NOT GETTING, SUCH AS STREET LIGHTS, ROAD MAINTENANCE & HEDGE AND PATHWAYS UPKEEP.

I feel that decisions are being made that are not beneficial to our local villages, therefore we should form our own parish council.
