Bop Tots, local children’s activity provider was one of the 14 winners of The Norfolk Pregnancy, Baby and Child Awards 2018 held at Voewood in December!

The Norfolk Pregnancy, Baby and Child Awards were organised by Alex at The Parent and Baby show which celebrated over 40 local small businesses dedicated to pregnancy, babies and children in December at Voewood, near holt.

Bop Tots was the winner in the 18 months to 4-year olds toddler class/service category, sponsored by Langley School at Taverham Hall, the judges felt that Bop Tots was a well deserving winner due to Karen’s passion & creativity developing a new toddler class in Norfolk.

Bop Tots was founded in 2017 by Karen Sidell, a local mum and experienced childcare practitioner, offering active, fun-filled music and movement classes for children aged 1-5 years. Karen said: “I am passionate about providing opportunities for local families to connect and enjoy activities together, and I am very proud to have won this award. It was fantastic to be shortlisted by my customers votes but for Bop Tots to be recognised by the judges too as a valued business and win is amazing!”

Bop Tots classes run at Lincoln Hall in Hingham during term-times only and booking is essential as spaces are limited each week. Bop Tots offers flexible booking with a pay as you go or a half term course option.

For more information on Bop Tots, please visit - www.boptots.co.uk or Facebook - @boptots

Met Office- Winter Weather Ready Continued…

The campaign overall

- Prepare your property and vehicle ahead of winter, and take responsibility for your own safety.
- Be aware of the latest weather forecasts and warnings from the Met Office and be prepared to alter your plans in times of severe weather. Listen to local radio for updates during times of bad weather.
- Check on the elderly and more vulnerable in your community and check on the safety of your neighbours in the case of an emergency.

Help communities

- Keep an eye on vulnerable members of your community this winter: check on them in times of severe weather; discourage them from going outside when it’s icy; help them with errands/shopping if possible.
- Cold weather affects the health of the elderly and those with pre-existing health conditions. Snow and ice can result in slips and falls, and cold temperatures can affect circulation and breathing-related issues, which can be fatal. Keep an eye on those who might be vulnerable and ensure they are well looked after and warm.

Keep warm, keep well

- Cold weather brings with it bugs and viruses, many of which can be safely managed yourself.
- Keep warm and well this winter by taking steps to stay healthy, and prepare for potential illness, especially if you (or your loved ones) suffer from asthma, CoPD or other illnesses where sudden drops in temperature can affect health.
- Call 111 if you are concerned and want medical advice.
- Flu vaccinations are available free of charge to certain groups of individuals.

Protect your home and business

- Be prepared for bad weather, especially if you are at risk of flooding.
- Take preventative steps to protect your home and business ahead of the winter, your property is your responsibility.
- In case of bad weather or power cut, prepare a ‘grab bag’ of basic supplies including bottled water, medication, blankets, torches, batteries, key information and documents – don’t forget that your smartphone may not work in the event of a power cut.
- Prepare a Business continuity plan so your business is prepared for potential weather disruption
- Call 105 in the event of a power cut.
- Consider backup childcare plans in case of school closures

Travel advice

- Check weather information before travel. Being informed is the best way to minimise disruption to your plans and to know if you might have to avoid travelling.
- Driving in hazardous conditions can be challenging, familiarise yourself with our dedicated pages on driving in the rain, snow and ice.
- Keep up to date with vehicle maintenance during the winter. Your vehicle is your responsibility. Have it serviced and check it before taking long journeys.
- When travelling – by road or rail - in potentially bad weather, prepare for the unexpected by packing a survival kit should you be stranded somewhere.
10 Step winter readiness checklist – final content TBC and in depth info provided on website.

1. Get your flu jab
2. Top up anti-freeze screen wash, check your tyres and think about winter kit for your car.
3. Consider alternative commuting plans for severe weather and childcare plans if schools are closed.
4. Check your heating – your home should be heated to at least 18 °C
5. Consider how you would access vital information if a storm takes out power and phonelines
6. Think about what may be impacted by strong winds or floods – garden items, guttering, pipes, roof tiles/slates, items stored on your ground floor.
7. Check your pipes are insulated and know where your stoptap is.
8. Make sure you have basic supplies in case you have to leave home quickly or your power and water are disrupted.
9. Share this checklist with your neighbours, see if they have any other tips and tell them if you can help in severe weather.
10. Find out what else you can do to help your community prepare for severe weather.

“Each Wednesday morning we offer 30-45 minute appointments at our Norwich office. In certain circumstances we can provide advice to clients based in other locations by Skype.

The free, independent legal advice at these session is provided by local experienced solicitors and barristers who so generously give their time for free. The solicitors can give advice on injunctions, non-molestation and occupation orders and can sign post you to Legal Aid solicitors if appropriate.

The service is supported by a team of Law students who, under supervision, provide administrative support and follow up letters.

We work in partnership with Leeway who provide support to adults and young people looking to break free from domestic abuse in Norfolk and Waveney. To contact them for confidential advice and support call 0300 561 0077, a link to their website is here.

We also work with Norwich City Council who offer advice about housing issues.”

Grant opportunity for carers

Grants for Carers

The Norfolk Millennium Trust for Carers aims to offer unpaid carers a better quality of life by giving small grants for practical items like washing machines and laptops, power packs for wheelchairs and short breaks. Every year the Trust helps hundreds of carers across the county, young and old alike, from pensioners looking after a disabled spouse to children juggling schoolwork and the needs of a poorly parent.

The Trust was born out of the We Care Appeal, launched through the Eastern Daily Press, in October 1998 after research identified the huge number of unpaid carers and the need to help them. The appeal's aim was simple – to establish an enduring charitable trust giving financial and practical help to unpaid carers in their crucial and often undervalued roles. In 2017 Norfolk Community Foundation was appointed to undertake the management and administration of the Norfolk Millennium Trust for Carers.

For more information about how a grant might help an unpaid carer living in Norfolk, please contact the grants team at Norfolk Community Foundation.
