Inclusive Activities

Would you like to make your youth club, sports group or project more inclusive for young people with additional needs?

Our November Good Practice sessions will help you understand more about inclusivity and show you some new activities you can use with the young people you work with.

And as usual, the meetings will include an opportunity to meet other groups in your locality, hear about opportunities from Momentum, and find out about Ambition Quality or get your portfolio checked.

Supporting Young Adult Carers in Norfolk

Our Transitions project is designed to help Young Adult Carers reach their full potential in life. A Young Adult Carer is somebody aged between 16 and 24 years old who cares for, or is affected by, a family member who has any of the following: Physical disability, Long-term physical illness, mental health problem, learning difficulty, and drug or alcohol problem.

Caring can mean giving someone practical help, like helping a parent to get dressed, but it can also be in the form of emotional support, for example caring for someone with mental health problems. We recognise that being a Young Adult Carer can often be rewarding but you might feel that you are missing out on the opportunities that your friends take for granted. To help, we can offer:

**Someone to talk to**
It can be really helpful to offload or talk through the things that are worrying you. We offer confidential one to one appointments with specialist Young Adult Carer Support Workers, and can meet at home or in the community at a time that suits you.

**Time for you**
We run regular socials and days out for Young Adult Carers to offer a break from their caring role and the opportunity to meet other young people with similar experiences. This also provides a chance to learn new skills and have new experiences. We can explore arranging extra support for the person you care for to allow you to have a break.

**Family support**
We understand that the person you care for or other people in your family may need support as well. We can provide specialist support to improve family relationships and referrals to other agencies who may be able to help members of your family.

**Advice**
We can help you to make sure you and your family are accessing the right benefits and support, and apply for specialist funding for carers including breaks, driving grants and education bursaries.

If you know of any young people who may benefit from our support please contact:

Children’s Advice and Duty Service (CADS) – what to do if you need to make a call

If you are a professional concerned about a child in Norfolk and want to speak to someone, you can call the Children’s Advice and Duty Service, on our direct line 0344 800 8021. If you are a member of the public you can do this through our Customer Service Centre on 0344 800 8020. You may wish to refer to the FAQ’s to help you prepare for the conversation.

For any call raising concerns about a child, CADS will ask:
- all of the details known to you/your agency about the child;
- their family composition including siblings, and where possible extended family members and anyone important in the child’s life;
- the nature of the concern and how immediate it is;
- Any and what kind of work/support you have provided to the child or family to date.

They will also need to know where the child is now and whether you have informed parents/carers of your concern.

Notice to callers:
- Preparing for the conversation: please see the tools developed by the CADS to support communication. This includes, FAQs and a flow chart. Please remember to record your concerns for your internal audit trail.
- Consent: It is good practice and the expectation that you seek consent from parents. We acknowledge that there are occasions when to do so could put a child at risk or undermine the investigation into a serious crime. In these instances, we would accept a call without consent from the parents. Reasons for not seeking consent should be clearly stated when speaking with CADS and recorded on internal systems for your records.

Dear Parent/Carer

We are pleased to invite your child/children to the first session of a brand new scheme that aims to provide children between 5-11 years with 2 hours of food and fun during school holidays.

Why ‘FISH’? Well, it stands for Food (and Fun) in School Holidays, and is based on similar schemes being operated in the Norwich area.

Our first session will take place on Friday 26 October 2018 in the hall behind the Congregational Church, Ipswich Road, Long Stratton, NR15 2TF.

Parents/carers are free to join the children if they wish.

Just so you know what will happen, we will open the doors for registration at 11.45am and a 2-course lunch will be served at 12.15pm. (So come hungry!) We will then have activities for all to enjoy until 2pm.

Our plan is to have activities based on fairground games for our first session.

We then plan to offer future sessions on Fridays in school holidays, with the next session on Friday 21 December 2018.

And best of all, this is completely free. All we ask is that the invited child/children come with a completed registration form, giving your consent and emergency contact details. Once registered, they are free to attend all future sessions.

If you would like any further information or to request a copy of the registration form, please do not hesitate to contact us. (David: 01508 531037, or Preston: 01508 471006)

We hope your child/children will join us.

Yours sincerely,

David, Preston and the FISH Holiday Club team
Consultation: Early Childhood and Family Service – Transforming our children’s centres

Norfolk County Council has been working on the re-design of a proposed new service for children’s centre services which reflects national and local changes as to how families are supported and considers the needs of parents with children aged 0-5 years across Norfolk.

The proposed new service aims to:

1. Bring the services out of the buildings and into the community, to the children and families who need them the most.
2. Help communities and parents offer local activities and groups.
3. Make it easier for families to access the information and advice they need, through providing better joined up online and digital services.
4. Change how we work to make sure we deliver in the best way for today’s families.

There are public consultation events happening across the county, to find out more please go to:

Headway Emergency Fund

“Supported by The Stewarts Law Foundation

Why does the fund exist?
The Emergency Fund provides grants of up to £500 in the immediate aftermath of brain injury, to help adult brain injury survivors and their families cope with the sudden practical implications.

Who can apply?
Anyone may apply to the Headway Emergency Fund. We are unable to support applicants who do not reside in the United Kingdom.

Only one application per survivor of a brain injury can be considered.

The purpose of the Headway Emergency Fund is to support families facing an increased financial burden following a brain injury. The fund is limited, so Headway will take into account the financial situation of each applicant when allocating funds and prioritise those with limited resources. We cannot consider applications for families with savings of more than £1000.

What support can we provide?
• Travel costs for families visiting relatives in hospital or rehabilitation
• Travel costs to outpatient appointments relating to the brain injury
• Emergency accommodation costs
• Essential white goods, e.g. a cooker or a fridge
• Other family costs in the immediate aftermath of brain injury
• A one week self-catered carer’s break at a cottage in Pickering, Yorkshire

We are unable fund:
• Taxi journeys
• Mortgage or rent payments
• Food
• Everyday household expenses
• Debts
• Private medical treatment
• Utility bills
• Childcare
• Items or services that are the responsibility of the local authority or NHS to provide
• Funeral costs

Please note that there must be a link between the request and the brain injury.”

Cystic Fibrosis Trust, Emergency Grants

“We provide grants to support people living with cystic fibrosis, or their parents, guardians, partners, children, family or carers, to meet the unexpected costs that can arise. These grants can help ease the burden of cystic fibrosis. Read on to find out more about the three types of emergency grant we can offer.

1) Transplant grants

When people have lung or liver transplants, or while being assessed for a transplant, they often have to travel to hospitals a long way from their usual specialist centre, or travel more frequently. You may need to go to a hospital at very short notice and need to get a taxi. Similarly families or carers may have unusual levels of travel, or need to arrange an overnight stay.

If this situation applies to you or someone you care for, you can apply for a grant of up to £250 to meet these costs.

Obviously, when you are going into hospital, you may not have time to apply for a grant. So you can apply for a transplant grant up to two months after your hospital stay.

2) Small grants

These are grants of up to £150 to pay for emergency needs. This could include things like:

- Purchasing essential, smaller cost items, for example buying hypoallergenic pillows and mattress covers for a person with cystic fibrosis with allergic bronchopulmonary aspergillosis.
- Emergency household repairs, for example for leaks causing damp and mould.
- Unexpected travel or other costs for informal carers, for example to look after your child if you have a long hospital stay.
- Services like professional cleaning of a new home where the level of dust and dirt would adversely affect health.
- Annual Prescription Pre-payment Certificate for people unable to meet their prescription costs.

When applying for these grants please let us know how much the goods, services or repairs are going to cost. You may need to estimate how much travel or carers’ costs will be.

You can still apply for a small grant after you’ve made the purchase, paid for the services or met the costs yourself, but please apply as soon as possible.

3) Funeral grants

Unfortunately, we do not have sufficient resources to pay for the full costs of funerals. We can offer a grant of £750 to help, which we can pay to the person organising the funeral, or directly to the funeral director if this is more convenient.

If you are on a low income and in receipt of certain welfare benefits you may be able to get further help from the Social Fund (funeral payments). Please contact the Bereavement Service helpline on 0345 606 0265 or visit www.gov.uk for further information and the eligibility criteria. Please note that receipt of a funeral grant from the Cystic Fibrosis Trust (or another charity) may be taken into account by the Social Fund when calculating your award.”
