Suicide is everyone’s business; it devastates so many lives no matter who you are, where you work or where you live. In partnership with Norfolk County Council we are working to make Norfolk a place where people have the skills to help save a life from suicide.

Norwich and Central Norfolk Mind have partnered with the County Council to deliver free suicide prevention training throughout Norfolk. The training being delivered from late 2018 to May 2019 will include:

- A two-day Applied Suicide Intervention Skills Training (ASIST) workshop in suicide first aid
- Suicide Prevention workshops (3 hours) tailored to the construction & trades, and barber & tattooist occupation groups and
- Suicide Prevention for GP’s (1.5 hours)

ASIST
MIND Suicide Prevention Training – continued...

Applied Suicide Intervention Skills Training (ASIST)

This course is free to those who have regular contact directly with people who may be at risk.

Course outline
An accredited two day, interactive training that prepares caregivers to provide suicide first aid interventions. After attending ASIST, you will be better able to:

- Be suicide alert – identify people who have thoughts of suicide
- Understand the reasons behind thoughts of suicide and the reasons for living
- Access risk and safety – develop a plan to increase the safety of the person at risk of suicide
- Recognise invitations for help
- Recognise potential barriers of seeking help
- Offer support – recognise other important aspects of suicide prevention including life-promotion and self-care
- Effectively apply a suicide intervention model
- Link people with community resources

Upcoming Dates:
To be confirmed, one to take place in the King’s Lynn area and one in Norwich

Local Children’s Activity Provider ‘Bop Tots’ Wins Award!

Bop Tots, local children’s activity provider was one of the 14 winners of The Norfolk Pregnancy, Baby and Child Awards 2018 held at Voewood in December!

The Norfolk Pregnancy, Baby and Child Awards were organised by Alex at The Parent and Baby show which celebrated over 40 local small businesses dedicated to pregnancy, babies and children in December at Voewood, near holt.

Bop Tots was the winner in the 18 months to 4-year olds toddler class/service category, sponsored by Langley School at Taverham Hall, the judges felt that Bop Tots was a well deserving winner due to Karen’s passion & creativity developing a new toddler class in Norfolk.

Bop Tots was founded in 2017 by Karen Sidell, a local mum and experienced childcare practitioner, offering active, fun-filled music and movement classes for children aged 1-5 years. Karen said: “I am passionate about providing opportunities for local families to connect and enjoy activities together, and I am very proud to have won this award. It was fantastic to be shortlisted by my customers votes but for Bop Tots to be recognised by the judges too as a valued business and win is amazing!”

Bop Tots classes run at Lincoln Hall in Hingham during term-times only and booking is essential as spaces are limited each week. Bop Tots offers flexible booking with a pay as you go or a half term course option.

For more information on Bop Tots, please visit - www.boptots.co.uk or Facebook - @boptots

Fish Holiday Club- Long Stratton

Fish' Holiday Club

We are pleased to invite your child/children to the next session of a brand new scheme that aims to provide children between 5-11 years with 2 hours of food and fun during school holidays.

Why ‘FISH’? Well, it stands for Food (and Fun) in School Holidays, and is based on similar schemes being operated in the Norwich area.

Our next session will take place on Friday 22 February 2019 in the hall behind the Congregational Church, Ipswich Road, Long Stratton, NR15 2TF. (Almost opposite the Police station – see map on registration form).

Parents/carers are free to join the children if they wish.

Just so you know what happens, we open the doors for registration at 11.45am and a 2-course lunch will be served at 12.15pm. (So come hungry!) We then have activities for all to enjoy until 2pm.

At our first session in October, the young people enjoyed team games with a fairground theme, while in December they made candles ready for Christmas.

And best of all, this is completely free. All we ask is that the invited child/children come with a completed registration form, giving your consent and emergency contact details. Once registered, they are free to attend all future sessions.

If there is sufficient demand we hope to be able to offer Friday sessions during future school holidays. Please look out for further information.

If you would like any further information please do not hesitate to contact us. (David: 01508 531037, or Preston: 01508 471006)

ARE YOU WEATHER READY?

Check your heating – your home should be heated to at least 18°C.

Check your pipes are insulated and know where your stop tap is.

Have basic supplies and documents in a bag in case a storm takes out power, water and phonelines.

Think about what may be impacted by strong winds or floods – in your garden or on your house.

Consider alternative commuting plans for severe weather and childcare plans if schools are closed.

Top up screen wash, check your tyres and think about winter kit for your car.

Get your flu jab.

Are your friends and neighbours Weather Ready? Share this checklist and see if you can help them to prepare #WeatherReady
Met Office- Winter Weather Ready Continued…

The campaign overall

- Prepare your property and vehicle ahead of winter, and take responsibility for your own safety.
- Be aware of the latest weather forecasts and warnings from the Met Office and be prepared to alter your plans in times of severe weather. Listen to local radio for updates during times of bad weather.
- Check on the elderly and more vulnerable in your community and check on the safety of your neighbours in the case of an emergency.

Help communities

- Keep an eye on vulnerable members of your community this winter: check on them in times of severe weather; discourage them from going outside when it’s icy; help them with errands/shopping if possible.
- Cold weather affects the health of the elderly and those with pre-existing health conditions. Snow and ice can result in slips and falls, and cold temperatures can affect circulation and breathing-related issues, which can be fatal. Keep an eye on those who might be vulnerable and ensure they are well looked after and warm.

Keep warm, keep well

- Cold weather brings with it bugs and viruses, many of which can be safely managed yourself.
- Keep warm and well this winter by taking steps to stay healthy, and prepare for potential illness, especially if you (or your loved ones) suffer from asthma, CoPD or other illnesses where sudden drops in temperature can affect health.
- Call 111 if you are concerned and want medical advice.
- Flu vaccinations are available free of charge to certain groups of individuals.

Protect your home and business

- Be prepared for bad weather, especially if you are at risk of flooding.
- Take preventative steps to protect your home and business ahead of the winter, your property is your responsibility.
- In case of bad weather or power cut, prepare a ‘grab bag’ of basic supplies including bottled water, medication, blankets, torches, batteries, key information and documents – don’t forget that your smartphone may not work in the event of a power cut.
- Prepare a Business continuity plan so your business is prepared for potential weather disruption
- Call 105 in the event of a power cut.
- Consider backup childcare plans in case of school closures

Travel advice

- Check weather information before travel. Being informed is the best way to minimise disruption to your plans and to know if you might have to avoid travelling.
- Driving in hazardous conditions can be challenging, familiarise yourself with our dedicated pages on driving in the rain, snow and ice.
- Keep up to date with vehicle maintenance during the winter. Your vehicle is your responsibility. Have it serviced and check it before taking long journeys.
- When travelling – by road or rail - in potentially bad weather, prepare for the unexpected by packing a survival kit should you be stranded somewhere.
10 Step winter readiness checklist – final content TBC and in depth info provided on website.

1. Get your flu jab
2. Top up anti-freeze screen wash, check your tyres and think about winter kit for your car.
3. Consider alternative commuting plans for severe weather and childcare plans if schools are closed.
4. Check your heating – your home should be heated to at least 18 °C
5. Consider how you would access vital information if a storm takes out power and phonelines
6. Think about what may be impacted by strong winds or floods – garden items, guttering, pipes, roof tiles/slates, items stored on your ground floor.
7. Check your pipes are insulated and know where your stoptap is.
8. Make sure you have basic supplies in case you have to leave home quickly or your power and water are disrupted.
9. Share this checklist with your neighbours, see if they have any other tips and tell them if you can help in severe weather.
10. Find out what else you can do to help your community prepare for severe weather.

Domestic Abuse Advice – Norfolk Community Law Service

“Each Wednesday morning we offer 30-45 minute appointments at our Norwich office. In certain circumstances we can provide advice to clients based in other locations by Skype.

The free, independent legal advice at these session is provided by local experienced solicitors and barristers who so generously give their time for free. The solicitors can give advice on injunctions, non-molestation and occupation orders and can sign post you to Legal Aid solicitors if appropriate.

The service is supported by a team of Law students who, under supervision, provide administrative support and follow up letters.

We work in partnership with Leeway who provide support to adults and young people looking to break free from domestic abuse in Norfolk and Waveney. To contact them for confidential advice and support call 0300 561 0077, a link to their website is here.

We also work with Norwich City Council who offer advice about housing issues.”

Exciting opportunities to work as a Family Practitioner

Vacancies coming soon

- Employed by Early Help Family Focus, Children’s Services, NCC.
- Located in the South Norfolk Council Offices in Long Stratton.
- Full and part time positions available.

Early help encompasses the work of a broad range of partners supporting families and individuals during often challenging and difficult times. Much of this work, although not exclusively, is undertaken in partnership with others. The development of universal Early Help Hubs across Norfolk has helped partners to gain a greater understanding of the work of partners and to develop networks and collaboration for the benefit of the residents of Norfolk.

Family Focus is the targeted end of early help – for services operating at the edge of more intensive and or statutory services. Our practitioners provide support to families that have the most complex needs and without targeted support, their situation will escalate to become acute, chronic and costly to the child / young person and their family requiring social care or other statutory intervention.

We are looking for energetic people to work in the south Norfolk Early Help team in Long Stratton to develop new ways of working with families which focus on lasting change.

There is a strong emphasis on partnership working across all agencies, and Family Practitioners undertake direct work with families in the community to bring about long lasting social change. You will undertake direct work with children and their families, working within statutory legislation, delivering interventions prioritised by the line manager and be accountable for achieving required team performance targets (particularly Step Up / Step Down & DCLG Troubled Families payment by results targets).

For an informal discussion regarding these posts please contact Lauren Downes, Head of Services and Partnerships on 01508 533933.

Open for applications soon!

Vacancies will be posted here within the next month:
