Application to transfer premises licence

Queens Head, Bridewell Street, Wymondham
An application has been made by Mr Kieron Brown for the transfer of premises licence PLA0120 for the Queens Head, Bridewell Street, Wymondham, NR18 0AR. A notice of objection has been made by the police regarding this application, which must therefore be determined by a hearing of the Licensing and Gambling Sub-Committee.

In making this determination, the Sub-Committee must having regard to the notice, reject the application if it considers it appropriate for the promotion of the crime prevention objective to do so.

1. **Background**

1.1. A premises licence for the Queens Head, Bridewell Street, Wymondham was transferred to Enterprise Inns Plc on the 29 July 2013. Subsequently an application was made by Enterprise Inns Plc to vary the designated premises supervisor to Mr Kieron Brown, which was granted on the 22 November 2013.

1.2. On 15 May 2014, Mr Kieron Brown submitted an application to transfer the premises licence into his name. The application was supported by Enterprise Inns Ltd with the required signed consent to transfer form (Appendix 1).

2. **Current Positions and Issues**

2.1. It is a requirement of the Licensing Act 2003 that the licensing authority (South Norfolk Council) consults the Police (Norfolk Constabulary) for each application to transfer a premises licence. Following receipt of the application, an email was sent to Norfolk Constabulary on the 15 May 2014 (Appendix 2).

2.2. The Licensing Officer received a letter of objection from Norfolk Constabulary to the transfer application on the 22 May 2014 (Appendix 3). In their letter, the
Licensing and Gambling Sub-Committee
23 June 2014

Constabulary supported their objection to the transfer of the premises licence with the following information:

Since November 2013, Norfolk Constabulary has experienced a number of reports linked to the management of the premises. These include complaints of the venue operating outside the hours permitted on the premises licence, noise complaints and information of underage drinking taking place at the premises. These issues have been highlighted to Mr Brown by both South Norfolk District Council Enforcement Officers and Police Licensing Officers.

Norfolk Constabulary received strong intelligence that the premises and management are heavily involved in the sale and supply of Class A drugs and complicit in allowing the venue being used in this way for these drugs to be sold by others. Following this intelligence, a warrant was authorised by the Magistrates Court and executed on Friday 16 May 2014. The result of this warrant clearly substantiated the intelligence and information of the venue and management having links to criminal activity.

The warrant resulted in 8 arrests, 1 being a customer specifically for the possession with intent to supply which he admitted to during interview and others which were management linked to possession of drugs.

In addition to the arrests, the premise was swabbed by an ion tracker drug machine to analyse particles of drugs from surfaces. These results have extremely high positive levels of drugs throughout the venue in both the public and private areas showing that management have a link to the use of and or supply of Class A drugs.

The warrant included a full licensing inspection and in addition to the issues of drugs, a 17 year old male was found inside the premises consuming alcohol and admitted to being a regular drinker there.

3. Proposal and Reasons

3.1. It is a requirement under Section 44(5) of the Licensing Act 2003 to hold a Hearing of the Licensing and Gambling Sub-Committee where notice has been given by the police that granting the application would undermine the crime prevention objective and there is no agreement that a hearing is unnecessary.

4. Other Options

4.1. The authority must, having had regard to the application and any relevant representations, take such steps as mentioned below:

The steps are –

(a) to grant the application to transfer the premises licence

(b) to reject the application to transfer the premises licence

4.2. The chief officer of police may appeal against a decision to grant the application. The applicant may appeal against a decision to refuse the application.
5. **Relevant Corporate Priorities**

5.1. Enhancing our quality of life and the environment we live in.

5.2. Promoting a thriving local economy.

6. **Implications and Risks**

6.1. Legal

Section 44 of the Licensing Act 2003 deals with the determination of a transfer application and requires the licensing authority to consider the promotion of the crime prevention objective.

6.2. Crime Reduction

The Statutory Guidance in relation to the Licensing Act 2003 states that the police should only make representations and object to the transfer where the police believe the transfer may undermine the crime prevention objective. The guidance notes that such objections are expected to be rare and arise because the police have evidence that the business or individuals seeking to hold the licence or business or individuals linked to such persons are involved in crime (or disorder).

7. **Action Required**

7.1. The licensing authority must make its decision within the period of five working days beginning with the day or the last day on which the hearing was held.

7.2. Where an application is granted or rejected, the relevant licensing authority must give a notice to that effect to –

   (a) the applicant, and

   (b) The chief officer of police for the police area (or each police area) in which the premises are situated

7.3. The relevant licensing authority must also give a copy of the notice where the application is rejected, to the holder of the premises licence (if any).

8. **Appendices**

Appendix 2 – Copy of the licensing officer’s consultation email

Appendix 3 – Representation from Norfolk Constabulary Licensing Officer

Dear Sirs

Re: QUEENS HEAD WYMONDHAM (025114)

This letter is our consent for you to act as our agents in:

1. Submitting our application to transfer the premises licence to us on completion of new agreement, and
2. Notifying the existing DPS of the transfer, and
3. Serving copy of application on police.

We understand and agree to pay the Local Authority fee for the application in the sum of £23 and £52 administration fee incurred by Enterprise Inns in relation to the applications and notifications. Both of the charges are subject to VAT. (£75 + £15 = £90). We understand this will be invoiced and included on our completion statement.

If any representations are received in relation to the application we confirm that they should be addressed to us.

We understand that this does not affect the variation of the Designated Premises Supervisor (DPS) and this will need to be dealt with via a separate application if it is needed.

Yours faithfully

Dear Miss Mounser,

**Letter of Norfolk Constabulary objection to the application to transfer the premises licence- Queens Head**

I can confirm that I have received a copy of the application for the Queens Head, Wymondham to transfer the premises licence into Mr. Kieran Brown. Norfolk Constabulary is writing to object to this application due to granting this would undermine the licensing objectives, in particular the prevention of crime and disorder.

The venue is currently being managed by DPS Mr. Kieran Brown and his family and has been since November 2013.

Since November 2013, Norfolk Constabulary has experienced a number of reports linked to the management of the premises. These include complaints of the venue operating outside the hours permitted on the premises licence, noise complaints and information of underage drinking taking place at the premises. These issues have been highlighted to Mr Brown by both South Norfolk District Council Enforcement Officers and Police Licensing Officers.

More importantly, Norfolk Constabulary received strong intelligence that the premises and management are heavily involved in the sale and supply of Class A drugs and complicit in allowing the venue being used in this way for these drugs to be sold by others.

Following this intelligence, a warrant was authorised by the Magistrates Court and executed on Friday 16th May 2014. The result of this warrant clearly substantiated the intelligence and information of the venue and management having links to criminal activity.

The warrant resulted in 8 arrests, 1 being a customer specifically for the possession with intent to supply which he admitted to during the interview and others which were management linked to possession of drugs. Clearly, this is as much detail as we can divulge at this stage due to ongoing criminal proceedings.

In addition to the arrests, the premise was swabbed by an ion tracker drug machine to analyse particles of drugs from surfaces. These results gave extremely high positive levels of drugs throughout the venue in both the public and private areas showing that management have a link to the use of and or supply of Class A drugs.
The warrant included a full licensing inspection and in addition to the issues of drugs, a 17 year old male was found inside the premises consuming alcohol and admitted to being a regular drinker there. In addition therefore to the serious crime, we can evidence underage drinking, again in licensing terms, matters to be treated extremely seriously.

Norfolk Constabulary is not willing to tolerate criminal activity taking place at venues, in particular serious crime with the sale and supply of Class A drugs. Therefore, I am writing to you formally to object to Mr Brown becoming the Premises Licence Holder. The Norfolk Constabulary licensing department are in communication with Enterprise Inns who own the premises, regarding our concerns over the management at the venue. Dependent on the intentions of Enterprise Inns will determine whether Norfolk Constabulary will be seeking a full review of the premises licence on the basis of our recent findings.

The Statutory Guidance in relation to the Licensing Act 2003 states that the Police should only make representations and object to the transfer in “exceptional circumstances and where Police believes the transfer may undermine the crime prevention objective.”

We will state that based on the findings from the warrant that the current situation justifies “exceptional circumstances” which clearly undermines the crime prevention objective.

Please accept this letter as our objection and I hope that the Licensing Committee will support the request from the Police and refuse the applicant to become the Premises Licence Holder.

Yours sincerely

Michelle Bartram
Licensing Officer
Norfolk Police

CC – Adam Cogan – Enterprise Inns
Dear Sir/Madam,

**Queens Head, Wymondham – Additional Material for the hearing 23rd June 2014**

Please see additional evidence submitted by Norfolk Police Licensing for the Licensing Committee hearing which is due to take place on Monday 23rd June 2014. This additional material is to assist the Licensing committee with their determination for the hearing in relation to the Police objection of the transfer of the premises licence for the Queens Head, Wymondham into Mr Keiron Brown.

The Police feel that the granting of this licence would undermine the licensing objectives, in particular the prevention of crime and disorder and request that this application is refused.

Additional material submitted includes the statements from the Police Officers who were involved in the warrant at the premises on Friday 16th May 2014, results from the Ion Tracker drug machine and a rough sketch of the private area of the premises showing where drugs were found and seized during the warrant.

In addition to this I have also included the letter from Pub owners Enterprise Inns confirming that they served a Section 146 notice to Mr Brown due to breaches of their tenancy agreement.

Yours sincerely

Michelle Bartram

I am Police Sergeant 3410 currently based on Norfolk Constabulary Licensing Team. On Friday 16th May 2014 I was on full uniform duty and at approximately 2140hrs I attended a The Queens Head Public House, Bridewell Street, Wymondham, along with numerous colleagues to execute a search warrant under the Misuse of Drugs Act.

My role as Licensing Regulation Sergeant is to ensure that Licence holders across the County of Norfolk are promoting the licensing objectives. It was soon clear to me that the management of The Queens Head fell well below what I would expect.

Intelligence had been received about supply of drugs in the venue, and during the warrant a male was arrested in the bar area for possession with intent to supply controlled drugs, a serious offence which was occurring within the premises. This for me confirmed that the intelligence was correct and occurring regularly.

Intelligence had been received about underage drinking in the venue, and during the warrant a 17 year old male was found inside the venue under the influence of alcohol. Again, this for me confirmed that the intelligence was correct and occurring regularly.

Intelligence had been received about the management and staff being involved in drugs, and during the warrant quantities of white powder were found in private areas, again, indicting that intelligence was correct.

The Licensing Act recognises the important role pubs and licensed premises play within local communities, and certainly executing this warrant attracted the attention of all those members of the public walking past, looking out of the window I saw many stopping, looking and dicussing it between themselves before moving on.

In my experienced view significant changes need to be made at the venue to be able to promote the licensing objectives.
I am Police Sergeant 3069 Heath of the Norfolk Constabulary, currently based at Wymondham Police Station.

On Friday 16th May 2014 shortly after 9pm, I was on duty in uniform with other officers when a warrant under the Misuse of Drugs Act was executed at the Queens Head Public House, Bridewell Street, Wymondham.

On entering the pub from Bridewell Street I went straight to the door at the bottom of the stairs to the first floor, the door was locked preventing me from going upstairs. I remained there and after a few minutes the door was opened from the stair side by a female I now know to be Abigail who I have been able to identify as the sister of the owner of the pub. I told her to remain with other officers where she was and then went upstairs. On the first floor in the kitchen was a man I now know as Kieran BROWN who was detained for a drug search by other officers. I then went along the corridor to the furthest room where I found the door to be locked. After several moments of banging on the door it was opened from within by a man I now know as BROWN. Also in this bedroom was a female I now know to be Abigail and she had been searched they were escorted to a function room on the first floor whilst searches of other people on the premises and the premises continued.

I then went downstairs to speak with other searching teams in the pub.

In the bar area, behind the bar I saw a lady and a man I now know as Waters and in the store room immediately behind the bar with Ins Abigail I saw a man I now know as Chris BROWN who I understand is the father of Kieran and

in the back yard of the pub whilst speaking to Sgt Lowndes-Burt I was informed that a man had been arrested on suspicion of possession of cocaine. I could see a man in handcuffs that I immediately recognised as Waters and was removed to Wymondham.

I continued to speak with the other Police sergeants present at the premises and ensure that all areas of the pub were being searched. During this I received information that a large amount of what was believed to be cocaine had been found hidden in the first floor function room which at the time of the warrant had not been open to the public. I was also informed that cannabis had been found in two bedrooms on the first floor and also in the bedroom on the second floor. The police licensing team were also present at the pub conducting tests for the presence of cocaine.
Continuation of Statement of witness as named on previous page.

on people's hands and surfaces in the pub. With the information received from the licensing team and the locations of the drugs found, I decided that the residents of the pub and their partners and the barman were to be arrested on suspicion of possessing controlled drugs, namely cannabis and cocaine.

I spoke with PC's 1135, 1711, 1211, 1594, 9041 and 1551 informing them that Kieran BROWN, I. Christopher BROWN, and S. Brown were to be arrested as above and taken to Wymondham Police Investigation Centre.

I then remained at the Queens Head Pub until officers had completed searches of all areas. At the end of the search the premises was left locked and secured by Ins Abigail.

I am currently attached to the Norfolk Constabulary Licensing Regulation Team, who are
responsible for dealing with issues and giving advice to licensed premises in Norfolk and have I
been for about 4 years.

I am a trained operator of the General Electric Itemiser 3, which uses Ion Trap Mobility
Spectrometry technology. The Itemiser system operates by first trapping traces of vapours or
particles given off or left behind by narcotics. These trapped samples are evaporated and
drawn into the detection system where they are analysed. It operates by ionizing the target
vapours and then subsequently measuring the mobility of the ions in an electric field. The
mobility of each target ion differs sufficiently so that each is uniquely identified.

On Friday 16th May 2014, I was on full uniform duty in company with other officers from
the Licensing Regulation Team.

About 21.33hrs the same day a warrant under section 23 of the Misuse of Drugs Act
1971 was executed at the Queens Head public house, 2 Bridewell St, Wymondham, Norfolk.

Once the patrons in the internal areas were secured the ION TRACKER was plugged in
and calibrated.

About 22.15hrs the same day I proceeded to start swabbing various surfaces in the
public and private areas of the Queens Head and the hands of some of the staff as voluntary

I am Special Constable 7341 Godbold of Norfolk Constabulary, currently operating out of Diss Police Station.

At approximately 2130hrs on Friday 16th May 2014 I attended a pre-planned warrant at the Queens Head public house in Wymondham, Norfolk.

I was tasked to control one of two main entrances to the building until approximately 2345hrs when I then assisted fellow officers of a search of the building. While searching a room marked ‘Function Room’ on the first floor of the building I found two clear bags containing a white powder. The bags were located behind the bar in the room, inside a tray used to collect discarded bottle tops. I seized these bags in a single exhibit bag as exhibit DG-1 and presented them to the designated exhibits officer PC 1725 Birch whom took charge of the exhibit.

I then resumed my search of the building until approximately 0100hrs on Saturday 17th May 2014 at which point I was despatched to another incident.

This statement completed at Wymondham Police Station at 0315hrs is taken from my original notes as recorded in my Pocket Note Book at the scenes at the times noted above.

Drug Swabbing results from Police Warrant 16/05/14 – Queens Head, Wymonham

As a guide,
Under 2.5 is contamination transfer from other items- usually bank notes or surfaces were drugs have been

Over 2.5 is a high reading and 7 suggests recent contact.

When dealing with people only their hands are swabbed. If it is believed that a person may have had contact with controlled substances, one hand is swabbed on each hand to give two readings.

Out of approx. 54 swab readings taken, they all came back positive with the exception of the 2 members of door staff who were clear.

A swab is taken of areas to gauge the level of drugs on the surfaces.
